## STUDY SESSION

### I. PUBLIC COMMENT

- A Letter to be read by representatives of the Chino Valley Irrigation District (CVID) re CVID Assets.

Norman Freeman, member of the CVIC Board of Directors, read a letter from CVID, attached hereto as Exhibit A

Councilwoman Suttles asked if it would be a problem to bring in the CVID when they are discussing anything Mr Kidd said that was not a problem, as long as it was not during Executive Session.

Mr Freeman said that they were not requesting to be in Executive Session. He said that they came before the Council some time back and nothing had occurred since then He appreciated the opportunity to come forward and they look forward to working with the Council.

Councilwoman Suttles said that sometimes they forget that the CVID is a player as well

### II. DISCUSSION ITEMS

- A Adoption of Resolution No 3877-0845 – A resolution of the Mayor and Council of the City of Prescott, Yavapai County, Arizona, declaring, for purposes of Section 1 150-2 of the Federal Treasury Regulations, official intent to be reimbursed in connection with certain capital expenditures relating to the “Wastewater System Fund – Collection and Treatment System Program” and “Water System Fund – Production and Distribution System Program.”

Mr Woodfill explained that the Internal Revenue Service requires municipalities to declare their intent to reimburse themselves for capital expenditures through a debt issue prior to, or within, 60 days of the expenditure

- B. Adoption of Resolution No. 3878-0846 – A resolution of the Mayor and Council of the City of Prescott, Yavapai County, Arizona, adopting a Council policy approving specific guidelines to improve the Cost-Benefit review of proposed annexations and the creation of a Mayor’s Ad hoc Advisory Annexation Financial Review Committee

Mr. Woodfill said that they recently went through the Fann annexation process and it became clear, even though they had a cost benefit

requirement since 1994, that there were no clear guidelines. With the help of two volunteers, Dr. Danforth and Dr. Kindig, they put together some guidelines for the next annexation to give them some guidance to that process as well as a recommendation that came from the citizens to form a Mayor's Advisory Committee. He then recognized Dr. Danforth and Dr. Kindig.

Councilman Bell asked for clarification on the wording that said "250 acres or more, or smaller annexations determined to be significant." He asked who would determine if they are going to be significant.

Mr. Woodfill said that it would either be by the Mayor, Council, Finance or City Manager. He said that some annexations are a few acres just to square up a boundary while others may be only 20 acres but they could be retail acreage and have some real issues that need to be addressed. It just needs to be looked at on a case-by-case basis.

Councilman Luzius congratulated the doctors on having a sensitivity analysis included because it is very important.

Councilwoman Suttles asked about the set-up of the committee. Mr. Woodfill said that they are not set up at this point. Should the Council adopt the resolution, they would work with the Clerk and the Mayor to get the committee established. Mayor Wilson said that it is an ad-hoc committee and would happen when an annexation occurs, it would not be a standing committee.

Councilman Lamerson said that he thinks it is important that all annexations be looked at for the reason suggested. In addition to retail, they sometimes have residential areas that like to come into the City that do not meet City Codes. Their streets, water lines, etc. don't meet the codes and without an analysis it is difficult to make decisions, similar to the Mullin Way, so he appreciated seeing that in the paperwork.

Mayor Wilson said that he thinks this is a real accomplishment. He saw in the Fann annexation how their cost benefit analysis was shredded by the two doctors, and once they were involved, it got turned around. He said that he looked forward to opportunities to do that in the future, and he thanked the doctors for their assistance.

- C Award of a contract to Heinfield, Meech & Co , PC in the amount of \$91,321 00 (\$86,523 00 for City of Prescott and \$4,798.00 for The Hassayampa Community Facilities Districts) for auditing services for fiscal years 2008, 2009 and 2010

Mr Woodfill said that this is a contract for auditing services for a three-year period. He said that the City Charter requires that the auditor be changed every three years to keep an independence issue. They took proposals from auditing firms from around the state, receiving five, and Heinfield, Meech & Co was determined to be the most qualified He noted that Mr Kees is present if there are any questions.

Councilman Bell asked where they were from Mr Woodfill said that they have offices in Phoenix, Tucson and Flagstaff

Councilwoman Suttles asked if the company that did this before was part of the bidding process Mr Woodfill said that was Eille Bailey and they were not allowed to bid

- D. Adoption of Ordinance No. 4640-0842 – An ordinance of the Mayor and Council of the City of Prescott, Yavapai County, Arizona authorizing the granting of certain electrical utility easement rights to Arizona Public Service Company (APS) to furnish electricity to a new hangar development by Monarch Aviation at the Prescott Municipal Airport and authorizing the Mayor and staff to execute all necessary sale and conveyance documents

Airport Manager Ben Vardiman said that this is a request for approval of an ordinance accepting the sale of easement rights to APS for the Monarch Hangar development along Melville Road It will be 8 feet wide by approximately 1,097 66 feet long, and compensation in the amount of \$1 will be received by the City for the sale.

- E. Approval of a professional services agreement with Dava & Associates, Inc , in an amount not to exceed \$191,880.00 for design and associated engineering services for the Airport Zone North and South Loops Water Main Projects

Public Works Director Craig McConnell said that this is a professional services agreement with Dava & Associates for design and engineering for the Airport Zone North and South Loops water main project.

He said that these links will 1) upgrade service to existing airport water customers and 2) provide new capacity for additional development in the area. The commitment for these was made in a Development Agreement, approved in July 2007, for Executive Airpark In that agreement it provides

for completion of construction by July 2009. The design would be completed by July 2008 which would give the City a year for construction, which is more than adequate.

Councilman Luzius asked Mr. McConnell what the size of the line was that was feeding the two 12" lines. Mr. McConnell said that the Airport Zone is currently fed by an 8" line. They have another project which will provide equipping of Well #2 to supply water directly from the airport area. They will have an 18" line when that project is complete.

- F Notice of Public Hearing (January 22, 2008) of a liquor license application submitted by John Phillips, Agent for PPLD, LLC, for a Series 6, Bar, license for Park Plaza Liquor & Deli located at 402 West Goodwin Street.

Ms. Burke reviewed the application, noting that it was just notice for next week's public hearing. Councilman Luzius asked if a Series 6 would allow them to sell individual drinks. Ms. Burke explained that a Bar license allows individual drinks on site, or packaged goods for off-site consumption.

### **❖ RECESS INTO SPECIAL MEETING ❖**

The Prescott City Council recessed into a Special Meeting at 3:18 p.m.

## **SPECIAL MEETING**

- 1 Call to Order

Mayor Wilson called the Special Meeting to order at 3:18 p.m.

- 2 Recess into Executive Session

The Prescott City Council recessed into Executive Session at this time.

- 3 EXECUTIVE SESSION

Discussion or consultation for legal advice with the attorney or attorneys of the public body, pursuant to ARS Section 38-431.03(A)(3).

- a. Intergovernmental Agreement with Chino Valley re Safeway Loop

- 4 Adjourn Special Meeting.

The Special Meeting was adjourned at 4:28 p.m.

## ❖ **RECONVENE STUDY SESSION** ❖

The Prescott City Council reconvened into Study Session at 4 29 p m

- G Adoption of Resolution No 3879-0847 – A resolution of the Mayor and Council of the City of Prescott, Yavapai County, Arizona authorizing the City of Prescott to enter into an Intergovernmental Agreement with the Town of Chino Valley, providing for a temporary license and interim transfer of responsibility to provide water service to the area commonly known as the Safeway Loop and further providing for conditional use permits, in accordance with the agreement, to allow the City of Prescott to provide for wellhead water treatment for wellsites located within the town of Chino Valley, and authorizing the Mayor and staff to take any and all steps necessary to accomplish the above

Mr. Kidd said that Item G is a proposed resolution adopting an IGA dealing with 1) an interim proposed license agreement with the Town of Chino Valley for a portion of the City's water system known as the Safeway Loop, and 2) Conditional Use Permits that the City is seeking in the Town for well sites. They started out with a draft IGA, and this is the second iteration that has a number of additional comments from the City's technical staff.

Mr Kidd said that the Town of Chino Valley had indicated to him through their counsel that they are faced with some form of a claim dealing with Safeway and water issues They indicated that they would, if sued, possibly bring the City of Prescott back into that law suit Rather than get involved in a lawsuit situation, they are trying to work out a mutual agreement.

Mr Kidd said that what is before the Council today is a redraft with the City's technical comments There will probably be some minor changes in the verbiage to make it read better At this point in time, staff is presenting it to the Council for their information He said that it is scheduled next week for voting They anticipate in the meantime having the City's technical people meet with Chino Valley's technical staff to work through any details He will also be in touch with their legal counsel to discuss any technical/legal issues and hopefully bring some agreeable form back to the Council for consideration.

Mayor Wilson said that Mr. Kidd needs to get it to Mr Musgrove because Chino Valley is voting on it on January 24, and they need to be working off the same document Mr Kidd said that he would be in touch with him

Councilwoman Suttles noted that this item would not be on the Consent Agenda.

- H. Approval of the Minutes of the Prescott City Council Joint Study Session/Regular Voting Meeting of January 8, 2008
- I Selection of Items to be placed on the Regular Voting Meeting Agenda of January 22, 2008

Councilwoman Suttles noted that Items II-A through II-E and Item II-H would be on the Consent Agenda, Items II-F and II-G would be on the Regular Agenda.
