

Amendment No. 1  
RFP No. 2017-064  
Solid Waste Hauling Services  
October 11, 2016

Revisions of RFP documents

---

1. Section 7-Services

7.2 Revision of paragraph from the following:

The Contractor shall, except as may be otherwise provided herein, furnish all labor, materials, supplies, equipment, maintenance, and supervision necessary, useful, or required to perform the services. The contractor's hauling obligation shall be hauling of solid waste or recyclables from the Transfer Station to designated facilities, where it shall be unloaded as soon as possible. The City expects solid waste will be hauled within twenty-four (24) hours of being loaded. In addition to the Contractor's primary hauling obligation, the Contractor shall also be obligated and responsible for providing additional hauling or back-hauling services from the destination facilities as provided for in this Contract and as requested by the City.

7.2 Revision of paragraph to the following:

The Contractor shall, except as may be otherwise provided herein, furnish all labor, materials, supplies, equipment, maintenance, and supervision necessary, useful, or required to perform the services. The contractor's hauling obligation shall be hauling of solid waste or recyclables from the Transfer Station to designated facilities, where it shall be unloaded as soon as possible. The City expects solid waste will be hauled within twenty-four (24) hours of being loaded with the exception of materials that were loaded into transfer trailers on Saturday, which may remain at the source facility until the following Monday morning. In addition to the Contractor's primary hauling obligation, the Contractor shall also be obligated and responsible for providing additional hauling or back-hauling services from the destination facilities as provided for in this Contract and as requested by the City.

Section 7- Loading of Equipment

7.6.2 Revision of paragraph from the following:

The Contractor shall provide and maintain sufficient equipment of adequate design and capacity to load, transport, and unload the materials in a timely fashion. The Contractor shall determine the specific types and numbers of equipment to be used so that there are empty Transfer Trailers available at the Transfer Station to receive Materials during operating hours. The Contractor shall ensure that equipment presents a neat, sanitary appearance, and that all materials are completely contained within the vehicle body.

7.6.2 Revision of paragraph to the following:

The Contractor shall provide and maintain sufficient equipment of adequate design and capacity to transport and unload the materials in a timely fashion. The Contractor shall determine the specific types and numbers of equipment to be used so that there are empty Transfer Trailers available at the Transfer Station to receive Materials during operating hours. The Contractor shall ensure that equipment presents a neat, sanitary appearance, and that all materials are completely contained within the vehicle body.

#### Section 9-Forms

Form B-Price Sheet

Revision of the form from the following:

**Note:** Prices offered shall not include state and local taxes.

**For the purposes of determining the lowest cost, the City will not take tax into consideration.**

Taxes must be listed as a separate item on all invoices, if applicable.

Revision of the form to the following:

**Note:** ~~Prices offered shall not include state and local taxes.~~

**For the purposes of determining the lowest cost, the City will not take tax into consideration.**

Prices offered shall be inclusive of costs to deliver the services.
