1.0 Solicitation Specifications/Scope of Work

- 1.1 The items bid shall meet or exceed the attached specifications. Compliance with or exception to the specification shall be indicated on the bid. Exceptions to the specification as noted by the bidder will be subject to evaluation and consideration by the City as to quality, suitability, compatibility and design integrity in relation to the intended use. The City will make sole determination as to acceptability of any exceptions.
- 1.2 Insofar as possible, warranty work will be performed at owner's facility. If warranty work is to be provided at the vendor's location, the vendor shall be responsible for transport to and from the owner's facility and any cost incurred therein. The contractor/vendor's responsibility shall include all warranty involving subcontractors.
- 1.3 All manufacturers' warranties shall remain in effect.
- 1.4 Quantities shown for each vehicle are estimates only. City Council will approve the budget for FY05 in late June 2006.
- 1.5 Manuals
 - 1.5.1 Two (2) copies of each: parts book, operators manual and service manual are required for each type unit purchased. These manuals shall include schematic diagrams for all wiring and all plumbing and/or hoses. The City prefers that hydraulic schematics supplied be for the graphic type per ANSI Y32.10; a component location diagram should also be included.
 - 1.5.2 The manuals and schematics supplied shall provide complete and comprehensive information on all equipment, equipment components and accessories as supplied to comply with this specification. If changes, modifications, additions or alterations of any kind are made on the equipment, the contractor shall provide blueprints, line drawings or descriptive text sufficient to allow one of average skill in general mechanics to diagnose, repair and maintain the equipment and all components.
 - 1.5.3 On equipment assembled from manufactured components, parts manuals shall show the manufacturer of each part and all cross referencing between the contractor and the manufacturer.

Dump Body

General:

1. Cross Memberless Type Dump Body with Telescopic Hoist, compatible with the Central Hydraulic System.
2. The frame of the truck shall not extend beyond the point where it interferes with the dump body in the raised position. In the event that it does, the frame shall be cut off and the end of the frame boxed-in. A flame cut frame is not acceptable.
3. The steel mounting strip between the dump body sub-frame and the truck frame shall be of sufficient thickness to clear rivets in the truck frame.
4. All mounting brackets shall be secured to the frame by drilling and bolting / riveting and not by welding.
5. Mud flaps shall be installed behind the rear wheels and shall be supplied with chains and hooks to hold the mud flap out of the way when dumping.
6. Dump Body to be supplied with safety props designed to support the body during repair and maintenance activities.
7. Dump body shall be painted the same color (white) as the cab, frame and tank to be manufacturers black.
8. Dimensions: Length: 8 feet. Width: 82" inside 92" outside Height: Side 13" Tailgate 19" Head 34" Min.
9. Floor: 1 piece 10 gauge steel - minimum. Cross Members are NOT allowed.
10. Sides: 12 gauge steel minimum.
11. Tailgate: One Piece, 12 gauge steel minimum. Flush mount, off set hinge plates with easy release pins. 1" top and 1.25" bottom latch pins; minimum. Manual over-center tailgate release mechanism.
12. Headsheet with Cab Shield: 12 gauge steel minimum. The cab-guard shall be mounted on dump body, with sufficient clearance to allow cab doors to open when dump bed is loaded. Cab to dump body clearance shall be adequate to insure proper operation of body.

Important Notice:

Compliance with Federal DOT regulations concerning maximum height of center of gravity will be the responsibility of the manufacturers and vendors supplying bodies and / or equipment.

Hoist System

1. Hoist: (Type Class M-80-3.5-3. NTEA Class 20. NTEA Rated Capacity Tons @ the Critical Angle 7.3 @ 29.8 degrees. Capacity @ Lutoff: 18.9 Tons) minimum.
2. Three Stage Telescopic, front trunnion-mounted with nitrided cylinders.
3. Oscillating cylinder collar.
4. Electric push-button operated. All Plumbing and hardware provided.
5. Cylinder warranty 2-year minimum.
6. The dump body shall have a safety device to limit and hold the bed at its maximum upward position, and designed to eliminate over centering of the bed.

Lights, reflectors and electrical provisions:

1. Lights and reflectors shall be installed in accordance with ICC Federal and Arizona State safety standards and laws.
2. Combination directional stop and taillights with sealed beams shall be mounted in a manner: not to interfere with truck operations. Rubber mounted, shock resistant type Stop, turn, and taillights shall be mounted in corner posts.
3. All wiring shall be 16 Ga. minimum and adequate for the loads (as determined by the vendor) required and shall be enclosed in EMT conduit for maximum protection.
4. All exposed wiring to be installed in conduit with weather-tight connections.
5. Auxiliary headlights and turn signals for use during snow plow operations shall be installed and wired to the truck in a manner that allows for the proper operation of the hood, and plow, without interference to normal operational capabilities of the vehicle.
6. Tail light socket to be installed and wire for trailer lights left of combination pintle hitch – Trailer socket to be Niehoff TC55261 or approved equal

Paint – Preparation

1. All surfaces high-pressure cleaned and phosphated. Primed with high quality alkyd primer - underside to be primed black. Top to be WHITE.

Hitch

1. A combination pintle hitch is to be installed at rear of chassis mounted to a butt plate adequate to the task, at a height of 19 inches from the ground, plus or minus 1/2 inch, to the center of the pintle opening.
2. The mounting of the pintle shall be in a manner that is readily removable and provides access to all mounting hardware (nuts –bolts).
3. The combination pintle shall be supplied with one 2-inch and one 2 5/16-inch balls.
4. There shall be one swiveling “D” ring rated at 20,000 lbs. mounted on each side of the pintle hitch in a manner to allow safety chains to be connected without interfering with the operation of a trailer attached to the vehicle.
5. Tail light socket to be installed and wire for trailer lights left of combination pintle hitch – Trailer socket to be Niehoff TC55261 or approved equal

CENTRAL HYDRAULIC SYSTEM

General:

1. The central hydraulic system shall be a direct to transmission mounted PTO type or an under-hood mounted clutch pump system capable of operating the dump body, plow, spreader and other remote hydraulic appurtenances such as a hydraulic pavement breaker.
2. All necessary plumbing, 15 gallon (min.) Hydraulic Reservoir, Control Valve(s) Proportional Sander Valve, with in cab control capabilities.
3. All sub-systems within the hydraulic system shall be plumbed with isolation valves so that each component requiring service can be removed without draining the entire hydraulic system.
4. Appropriate screens and filters shall be included in the system.
5. As much as is possible hard hydraulic lines are to be installed to both the left front of the truck for snow plow operation, and to the right rear of the vehicle for spreader operation.
6. Quick connect couplings shall be installed at those termination points and shall be mounted to manifold plate left of center for easy connection of snowplow hydraulic hoses.
7. The couplings shall be installed in an alternating Male to Female manner to eliminate any misconnection.
8. In lieu of plugs or caps, an opposing male or female connector shall be plugged and provided as a plug or cap to eliminate oil flows and dusts contamination when equipment is not being used.
9. Snowplow connector shall be based upon Pioneer, Part Number 4050-2 or equal Airquip connectors.
10. Hydraulic quick connectors fittings to rear of truck for spreader hydraulic connection shall be mounted to a manifold plate or butt plate, with the pintle hitch, towards the right side of the chassis frame rail; (not to be outside chassis frame width on right side).
11. The couplings shall be installed in a manner to eliminate any misconnection. In lieu of plugs or caps, an opposing male or female connector shall be provided as a plug or cap to eliminate any oil flows when equipment is not being used.
12. The hydraulic pump shall be mounted in such a way that the pump will be driven by direct mount via the transmission from a “Hot Shift” power takes off; or clutch mounted in a “Hot Shift” configuration.

Reservoir:

Hydraulic reservoir shall be a minimum 15-gallon capacity and equipped with the following:

1. Basket type filter breather cap.
2. Magnetic drain plug.
3. Shall utilize NPT connections with a ball valve on the suction port with #100 mesh screen type filter.
4. Separate return port for control drain line.
5. Sight temperature gauge externally mounted.
6. Internal baffling.
7. The hydraulic tank filler cap and neck shall be located so that fluid can be added with the dump body in the down position.
8. The filler neck and tank vent is to be installed to preclude any accidental intrusion or contamination by any foreign material.
9. The fluid level indicator shall be installed to allow the operator to have easy access to visually check the fluid level. Indicator shall show a minimum and maximum level.

Hydraulic System Plumbing:

1. Hose assemblies shall be SAE specified adequate in size and pressure rating to meet the requirements of the hydraulic systems.
2. Pipe and pipe connections shall be rated at a minimum of 3000 PSIG and adequate in size for volume requirements.
3. Adapters shall be high-pressure steel shall be rated at a minimum 3000 PSIG rating and adequate in size for system requirements.
4. All tanks, valves, hoses etc., shall be installed in such a manner as to not interfere with normal maintenance of the vehicle.
5. All components shall have a minimum ground clearance of 15 inches.
6. Where possible steel pipes shall be used in place of hoses.
7. Hydraulic lines must allow for the transmission to be removed without disconnecting the lines.
8. All quick disconnect must be rated to exceed the maximum potential system pressure.
9. Pressure lines to the front must be hydraulic tube or pipe rated to exceed the maximum potential system pressures.
10. All hydraulic hoses shall be adequately clamped and shielded to prevent chaffing, pinch point's exposure to the exhaust system and damage under heavy use. Hydraulic hoses shall not extend below the top of the front axle.

Filter:

1. The hydraulic oil filter shall be mounted at the reservoir and equipped with an appropriate inline check to be installed with the reservoir and filter to allow servicing of the filter without siphoning oil from the reservoir.
2. The hydraulic filter shall be a 10-micron spin on type filter rated for no less than 50 GPM.
3. The filter shall be configured with a filter condition indicator gauge.

Control Center:

1. The Control Center must be an integral center for controlling all hydraulic functions including plow, spreader, dump body and auxiliary lighting.
2. The Center must be fully backlit and provide for warning lights for each operation.
3. The Center must be supplied with color-coded wiring throughout.
4. The Control Center wiring shall have Cannon (or equal) type plug connectors installed, as necessary, to allow for quick removal of the entire control console from the cab of the truck.
5. Vendor shall provide one (1) complete set of Service and Operation Manuals with the vehicle.

Control Center Spreader Controls:

The spreader control portion of the control sensor shall regulate the spinner and augur. The spinner shall be controlled by:

Hydraulic Valves:

1. The hydraulic valves shall be of a modular manifold design.
2. Each hydraulic function requires an individual manifold stacked together to form the manifold base.
3. The dump body manifold shall be stacked to one side of the inlet section and meet systems flow demands.
4. The plow raise/lower, plow angle, augur, and spinner manifolds shall be stacked to the other side of the inlet section, and be capable of meeting system flow demands.
5. Each hydraulic valve segment shall be individually mounted to the manifold base assembly and be serviceable without removing any hydraulic hoses or any other hydraulic valve segments.
6. Each hydraulic valve segment shall have individual pressure compensation to achieve independent simultaneous operations.
7. All segments shall have heavy-duty continuous duty coils and connection shall be with Hirshman connectors.
8. All coils shall operate at 12 VDC and require a maximum of 1400 milliamps.
9. Each segment shall be equipped with a rack and pinion manual override except for the auger and spinner sections. I.

Hydraulic Valve Enclosure:

1. The valve assembly shall be mounted in a weather-tight enclosure.
2. The valve enclosure shall have a gasket cover to ensure easy access.
3. The cover shall be held to the enclosure by two heavy rubber latches. (One on each side.)
4. All plumbing shall be external, directly into the bottom of the valve manifold base (there shall be NO hydraulic plumbing in the enclosure).

Snow Plow Hydraulics:

1. Hydraulic lines shall be plumbed from the control valve to the top left of the front bumper to provide hydraulic power for snowplow operation.
2. Lines shall be located so that they do not interfere with the operation of the snowplow or the hood of the truck.
3. The hydraulic lines shall be terminated at the manifold plate.
4. The manifold plate is to be supplied with complete quick couplers and In lieu of plugs or caps, an opposing male or female connector shall be provided as a plug or cap to eliminate any oil flows when equipment is not being used.
5. These hydraulic lines shall provide plow lift and reverse hydraulic power for the snowplow.
6. The couplings shall be installed in an alternating Male to Female manner to eliminate any misconnection. In lieu of plugs or caps, an opposing male or female connector shall be plugged and provided as a plug or cap to eliminate oil flows and dusts contamination when equipment is not being used.

Rear Manifold Plate:

1. Quick-couplers shall be mounted through bulkhead fittings on a manifold plate left of the pintle hitch on the rear butt plate.
2. All connections must clear all body components and any possible trailer tongue/coupler movement and must be accessible for easy hookup.
3. The couplings shall be installed in an alternating Male to Female manner to eliminate any misconnection. In lieu of plugs or caps, an opposing male or female connector shall be plugged and provided as a plug or cap to eliminate oil flows and dusts contamination when equipment is not being used.

Vendor is to supply the Streets Superintendent with shop drawings and complete descriptions of central hydraulic system components and installation for approval PRIOR to fabricating the vehicle.

2.3. Pre-Bid Conference

If indicated in Section 2.2 above, a pre-bid conference will be held for this solicitation. The purpose of the pre-bid conference is to provide Bidders with an opportunity to obtain clarification of this solicitation. Bidders are encouraged to submit questions, comments and requests in writing to the City's Buyer prior to the pre-bid conference.

Attendance at the pre-bid conference may be optional or mandatory as indicated in Section 2.2 above. If the pre-bid conference is mandatory, failure to attend will preclude a Bidder from submitting a bid. Failure to attend an optional pre-bid conferences will not preclude a Bidder from submitting a bid.

2.4. Letter of Interest

Bidders wishing to receive addenda to this solicitation, answers to questions posed by other Bidders, and related information shall submit a Letter of Interest to the City's Buyer in person or by fax or email.

The purpose of the Letter of Interest is to ensure Bidders receive all solicitation addenda, answers to questions posed by Bidders, and other related information. The City will consider this letter as an interest to bid only, without further obligation to the Bidder. The Letter of Interest must designate the office, employee or agent who will be the Bidder's contact for all communications regarding this acquisition. The following information should be provided for this individual:

Name
Title
Company Name
Mailing Address
Telephone Number

Fax Number
Email Address

2.5. **Questions and Requests for Addenda**

Bidders who have questions about or suggestions for changes to this solicitation may direct them to the City's Buyer in writing by fax or email. Questions and requests for addenda must be received by the City's Buyer no later than the date and time listed in Section 2.2. Questions received after this time will not be considered or answered. Failure by a Bidder to request clarification of any inadequacy, omission or conflict shall not relieve the Bidder of the responsibility of being in compliance with the solicitation.

2.6. **City Answers and Addenda**

Changes to this solicitation will be made only by formal written addenda issued by the City's Buyer. Any such addenda and City answers to questions will be issued no later than the date and time listed in Section 2.2. Addenda and City answers will be emailed or faxed to all Bidders who submitted a letter of interest. Changes to this solicitation may be made by the City if, in the sole judgment of the City, the changes will not compromise the City's objectives in this acquisition. All addenda issued by the City shall become a part of the specifications of this solicitation, and will be made part of the resulting agreement.

2.7. **Proprietary Material**

A Bidder shall clearly mark any proprietary information contained in its bid with the words "proprietary information." Bidder shall not mark any Solicitation Form as proprietary. Marking all or nearly all of a bid as proprietary may result in rejection of the bid. Bidders should be aware that the City is required by law to make its records available for public inspection. The Bidder, by submission of materials marked proprietary, acknowledges and agrees that the City will have no obligation to advocate for non-disclosure in any forum or any liability to the Bidder in the event that the City must legally disclose these materials.

2.8. **Multiple Bids**

A Bidder may submit multiple bids for any solicitation however, each bid must be submitted separately (in its own complete package) from the others.

2.9. **Delivery of Bids**

Sealed bids must be received at the Office of the City Clerk no later than the date and time listed in Section 2.2. The bids will be opened and read publicly in the Council Chambers at that time.

If the bid is delivered by the U.S. Postal Service, the bid should be addressed to:

Elizabeth A. Burke, City Clerk

3.0 General Contract Terms and Conditions

- 3.1. **Entire Agreement:** This contract, including all attachments referenced herein, constitutes the entire agreement between the City and the Contractor. The City's RFQ/RFP, all addenda to the RFQ/RFP, and the Contractor's response to the RFQ/RFP are explicitly included in this contract. Where there is any conflict among or between any of these documents, the controlling document shall be the first listed in the following sequence: the most recently issued Contract amendment; the Contract; the most recently issued addendum to the City's RFQ/RFP; the City's RFQ/RFP; and the Contractor's response to the RFQ/RFP.
- 3.2. **Term:** The term of this Contract shall commence on the date the City's Purchasing Agent signs the same and shall expire as stated within the Contract.
- 3.3. **Freight:** Prices include freight prepaid and allowed. The Contractor assumes the risk of every increase, and receives the benefit of every decrease, in delivery rates and charges.
- 3.4. **Title:** Prices are F.O.B. destination. Title to items and risk of loss remain with Contractor until City receives items at the delivery point.
- 3.5. **Overages/Undergoes:** Shipments shall correspond with the Contract; any unauthorized advance or excess shipment is returnable at Contractor's expense.
- 3.6. **Schedule:** Unless the City's Purchasing Agent requests a change in schedule, the Contractor shall deliver the items or render the services as stated in the Contract. At the City's option, the

Contractor's failure to timely deliver or perform may require expedited shipping at the Contractor's expense, or may be cause for termination of the Contract and the return of all or part of the items at the Contractor's expense. If the Contractor anticipates difficulty in meeting the schedule, the Contractor shall promptly notify the City's Purchasing Agent of such difficulty and the length of the anticipated delay.

- 3.7. **Payment:** Invoices will be paid according to early payment discount terms, or if no early payment discount is offered, thirty (30) days after the City's receipt and acceptance of the goods or completion and acceptance of the services. Payment periods will be computed from either the date of delivery of all goods ordered, the completion of all services, or the date of receipt of a correct invoice, whichever date is later. This section is not intended to restrict partial payments that are specified in the contract. No payment shall be due prior to the City's receipt and acceptance of the items identified in the invoice therefor.
- 3.8. **Unlawful Overcharges:** The Contractor assigns to the City all claims for anti-trust violations and overcharges relating to items purchased by the City.
- 3.9. **Price Warranty:** The Contractor warrants that the prices for the items sold to the City hereunder are not less favorable than those currently extended to any other customer for the same or similar items in similar quantities. The Contractor warrants that prices shown on this Contract are complete, and that no additional charge of any type shall be added without the City's express written consent.
- 3.10. **Warranties:** The Contractor warrants that all goods are merchantable, comply with the City's latest drawings and specifications, and are fit for the City's intended use; all goods comply with all applicable safety and health standards established for such products; all goods are properly packaged; and all appropriate instructions or warnings are supplied.
- 3.11. **Date Warranty:** Vendor warrants that all Software provided under this Contract: (i) does not have a life expectancy limited by date or time format; (ii) will correctly record, store, process, and present calendar dates; (iii) will lose no functionality, data integrity, or performance with respect to any date; and (iv) will be interoperable with other software used by Purchaser that may deliver date records from the Software, or interact with date records of the Software ("Date Warranty"). In the event a Date Warranty problem is reported to Vendor by Purchaser and such problem remains unresolved after three (3) calendar days, at Purchaser's discretion, Vendor shall send, at Vendor's sole expense, at least one (1) qualified and knowledgeable representative to Purchaser's premises. This representative will continue to address and work to remedy the failure, malfunction, defect, or nonconformity on Purchaser's premises. This Date Warranty shall last perpetually. In the event of a breach of any of these representations and warranties, Vendor shall indemnify and hold harmless Purchaser from and against any and all harm, injury, damages, costs, and expenses incurred by Purchaser arising out of said breach.
- 3.12. **Equal Employment Opportunity:** During the term of this Contract, the Contractor agrees as follows: The Contractor will not discriminate against any employee or applicant for employment because of creed, religion, race, color, sex, marital status, sexual orientation, gender identity, political ideology, ancestry, national origin, or the presence of any sensory, mental or physical handicap, unless based upon a bona fide occupational qualification. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their creed, religion, race, color, sex, national origin, or the presence of any sensory, mental or physical handicap. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- 3.13. **Diversity:** The City encourages the Contractor to employ a workforce reflective of the region's diversity.
- 3.14. **Discrimination in Contracting:** The Contractor shall not create barriers to open and fair opportunities for subcontractors and suppliers in obtaining or competing for contracts and subcontracts as sources of supplies, equipment, construction and services. In considering offers from and doing business with subcontractors and suppliers, the Contractor shall not discriminate on the basis of race, color, creed, religion, sex, age, nationality, marital status, sexual orientation or the presence of any mental or physical disability in an otherwise qualified disabled person.
- 3.15. **Record-Keeping:** The Contractor shall maintain, for at least 12 months after expiration or earlier termination of the term of this Contract, relevant records and information necessary to document the Contractor's utilization of other businesses as subcontractors and suppliers in this contract and in its overall public and private business activities. The Contractor shall also maintain all written quotes, bids, estimates, or proposals submitted to the Contractor by all businesses seeking to participate as

subcontractors or suppliers in the contract. The City shall have the right to inspect and copy such records. If this Contract involves federal funds, the Contractor shall comply with all record-keeping requirements set forth in every applicable federal rule, regulation and statute referenced in the contract documents.

- 3.16. **Publicity:** The Contractor shall not advertise or publish the fact that the City has contracted to purchase items from the Contractor without the City's prior written approval.
- 3.17. **Proprietary and Confidential Information:** The Contractor acknowledges that the City is required by law to make its records available for public inspection, with certain exceptions. City staff believe that this legal obligation would not require the disclosure of proprietary information that contains valuable designs, drawings or formulas. The Contractor, by submission of materials marked proprietary and confidential, nevertheless acknowledges and agrees that the City will have no obligation or any liability to the Contractor in the event that the City must disclose these materials by law.
- 3.18. **Indemnification:** To the extent permitted by law, the Contractor shall protect, defend, indemnify and hold the City harmless from and against all claims, demands, damages, costs, actions and causes of actions, liabilities, judgments, expenses and attorney fees, resulting from the injury or death of any person or the damage to or destruction of property, or the infringement of any patent, copyright, or trademark, arising out of the work performed or goods provided under this Contract, or the Contractor's violation of any law, ordinance or regulation, except for damages resulting from the sole negligence of the City.
- 3.19. **Insurance:** The Contractor shall secure and maintain, at all times during the term of this Contract, at its own expense, a policy or policies of insurance known as:
 - 3.19.1. **Commercial General Liability** written on an insurance industry standard occurrence form (ISO form CG 00 01) or equivalent including premises/operations, products/completed operations, personal/advertising injury, contractual liability, and independent contractors liability;
 - 3.19.2. If any vehicle is used in the performance of this Contract, a policy of **Business Automobile Liability** written on an insurance industry standard form (ISO form CA 00 01) or equivalent, including coverage for owned, non-owned, leased or hired vehicles; and
 - 3.19.3. If any work under this Contract will be performed by a resident of the state of Arizona, **Worker's Compensation** ("Industrial Insurance") as required by the State of Arizona. The insurance as provided under items 3.19.1 and 3.19.2 above shall be endorsed to include The City of Prescott, its officers, elected officials, employees, agents and volunteers as an **Additional Insured** per ISO form CG2010 11/85 or CG2026 or equivalent, and to not permit reduction or cancellation by the insurer without forty-five (45) days prior written notice to the City. The Contractor's insurance shall be primary as respects the City, and any other insurance maintained by the City shall be excess and non-contributing with the Contractor's insurance.
- 3.20. **Compliance with Law:** The Contractor, at its sole cost and expense, shall perform and comply with all applicable laws of the United States and the State of Arizona; the Charter, Municipal Code, and ordinances of The City of Prescott; and rules, regulations, orders, and directives of their respective administrative agencies and officers.
- 3.21. **Licenses and Similar Authorizations:** The Contractor, at no expense to the City, shall secure and maintain in full force and effect during the term of this Contract all required licenses, permits, and similar legal authorizations, and comply with all related requirements.
- 3.22. **Taxes:** The Contractor shall pay, before delinquency, all taxes, levies, and assessments arising from its activities and undertakings under this Contract; taxes levied on its property, equipment and improvements; and taxes on the Contractor's interest in this Contract.
- 3.23. **Americans with Disabilities Act:** The Contractor shall comply with all applicable provisions of the Americans with Disabilities Act of 1990 (ADA) in performing its obligations under this Contract. In particular, if the Contractor is providing services, programs, or activities to City employees or members of the public as part of this Contract, the Contractor shall not deny participation or the benefits of such services, programs, or activities to people with disabilities on the basis of such disability. Failure to comply with the provisions of the ADA shall be a material breach of, and grounds for the immediate termination of, this Contract.
- 3.24. **Adjustments:** The City's Purchasing Agent at any time may make reasonable changes in the place of delivery, installation or inspection; the method of shipment or packing; labeling and identification; and ancillary matters that Contractor may accommodate without substantial additional expense to the City.
- 3.25. **Amendments:** Except for adjustments authorized above, modifications or amendments to the Contract may only be made by a change order or by written document signed by or for both parties.

Unless Contractor is otherwise notified, the City's Purchasing Agent shall be the City's authorized agent.

- 3.26. **Assignment:** Neither party shall assign any right or interest nor delegate any obligation owed without the written consent of the other, except Contractor may assign the proceeds of this Contract for the benefit of creditors upon 21 days advance written notice to the City.
- 3.27. **Binding Effect:** The provisions, covenants and conditions in this Contract apply to bind the parties, their legal heirs, representatives, successors, and assigns.
- 3.28. **Waiver:** The City's failure to insist on performance of any of the terms or conditions herein or to exercise any right or privilege or the City's waiver of any breach hereunder shall not thereafter waive any other term, condition, or privilege, whether of the same or similar type.
- 3.29. **Applicable Law:** This Contract shall be construed under the laws of the State of Arizona. The venue for any action relating to this Contract shall be in the Superior Court for Yavapai County, State of Arizona.
- 3.30. **Remedies Cumulative:** Remedies under this Contract are cumulative; The use of one remedy shall not be taken to exclude or waive the right to use another.
- 3.31. **Severability:** Any invalidity, in whole or in part, of any provision of this Contract shall not affect the validity of any other of its provisions.
- 3.32. **Gratuities:** The City may, by written notice to the Contractor, terminate Contractor's right to proceed under this Contract upon one (1) calendar day's notice, if the City finds that any gratuity in the form of entertainment, a gift, or otherwise was offered or given by the Contractor or any agent thereof to any City official, officer or employee.
- 3.33. **Termination:**
 - 3.33.1. **For Cause:** Either party may terminate this Contract in the event the other fails to perform its obligations as described herein, and such failure has not been corrected to the reasonable satisfaction of the other in a timely manner after notice of breach has been provided to such other party.
 - 3.33.2. **For Reasons Beyond Reasonable Control of a Party:** Either party may terminate this Contract without recourse by the other where performance is rendered impossible or impracticable for reasons beyond such party's reasonable control such as but not limited to an act of nature; war or warlike operations; civil commotion; riot; labor dispute including strike, walkout, or lockout; sabotage; or superior governmental regulation or control.
 - 3.33.3. **For Public Convenience:** The City may terminate this Contract in whole or in part whenever the City determines that such termination is in its best interest (including but not limited to for lack of continuing appropriations). In such a case the Contractor shall be paid for all items accepted by the City.
 - 3.33.4. **Notice:** Notice of termination shall be given by the party terminating this Agreement to the other not less than ten (10) working days prior to the effective date of termination.
- 3.34. **Major Emergencies or Disasters:** The following provision shall be in effect only during major emergencies or disasters. The City is committed to preparing thoroughly for any major emergency or disaster situation. As part of its commitment, the City is contracting with the Contractor under the following terms and conditions: Contractor shall provide to the City, upon the City's request, such goods and/or services at such time as the City determines. In the event the Contractor is unable to meet the delivery date commitment due to circumstances beyond the reasonable control of the Contractor, the Contractor shall make such delivery as soon as practicable. If the Contractor is prevented from making such delivery to the requested delivery location due to circumstances beyond its reasonable control, the Contractor shall immediately assist the City in whatever manner is reasonable to gain access to such goods and/or services. In the event that the Contractor is unable to provide such goods and/or services as requested by the City, the Contractor may offer to the City limited substitutions for its consideration and shall provide such substitutions to the City as required above, provided the Contractor has obtained prior approval from the City for such substitution. The Contractor shall charge the City the price determined in this Contract for the goods and services provided, and if no price has been determined, it shall charge the City a price that is normally charged for such goods and/or services (such as listed prices for items in stock). In the event that the City's request results in the Contractor incurring unavoidable additional costs and causes the Contractor to increase prices in order to obtain a fair rate of return, the Contractor shall provide the City with appropriate documentation of the additional costs. The Contractor acknowledges that the City is procuring such goods and/or services for the benefit of the public. The Contractor, in support of public good purposes, shall consider the City as a customer of first priority and shall make its best effort to provide to the City the requested goods and/or services in a timely manner. For purposes of

this Contract, a "major emergency" or "disaster" shall include, but is not limited to a storm, high wind, earthquake, flood, hazardous material release, transportation mishap, loss of any utility service, fire, terrorist activity or any combination of the above.

4.0 Standard Bid Information

- 4.1. **Default by Bidder:** In case of default by the bidder, the City of Prescott may procure the items or service from other sources and may deduct from any monies due or that may thereafter become due to the bidder the difference between the price named in the contract or purchase order and the actual cost thereof to the City of Prescott. Prices paid by the City shall be considered the prevailing market price at the time such purchase is made. Periods of performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the Purchasing Agent.
- 4.2. **Cash Discounts:** In connection with any cash discount specified on this bid, time will be computed from the date of complete delivery of the supplies, equipment or services as specified or from the date correct invoices are received in the City Finance office if the latter date is later than the date of delivery. For the purpose of earning the discount, payment is deemed to be made on the date of mailing of the City warrant or check.
- 4.3. **Warranty:** Manufacturer's warranties shall remain in effect. All equipment purchased shall be purchased from one (1) vendor. That one vendor shall be fully responsible for all warranty performance relating to any part of component of the purchased equipment. The vendor's responsibility shall include all warranty involving sub-contractors. The vendor shall supply a warranty on all parts and workmanship from the initial delivery date. The vendor shall guarantee further that the equipment to be supplied complies with all applicable regulations.
- 4.4. **Litigation:** The parties hereto expressly covenant and agree that in the event of a dispute arising from this Agreement, each of the parties hereto waives any right to a trial by jury. In the event of litigation, the parties hereby agree to submit to a trial before the Court. Neither party shall be entitled to an award of attorneys' fees, either pursuant to the Contract or another state or federal statute.
- 4.5. **Cooperative Use of Contract:** This contract may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the contracted vendor. Any such usage by other entities must be in accordance with the statutes, codes, ordinances, charter and/or procurement rules and regulations of the respective government agency.
- 4.6. **Brand Names:** Brand names are only used for reference to indicate character or quality desired unless otherwise indicated.
