DARBY CREEK WAY PAVEMENT RECONSTRUCTION PROJECT

MAY 1, 2015

The Darby Creek Way Pavement Reconstruction Project generally involves reconstruction of deteriorated asphalt pavement on Darby Creek Way from Golden Bear Drive to the westerly end of Darby Creek Way. Darby Creek Way is in the Stoney Creek Subdivision adjacent to the Blackhawk Subdivision where street improvements are currently underway. Utility replacements are not anticipated.

Advertising for Statements of Qualifications to provide engineering design services commenced on November 23, 2014. Statements of Qualifications were received on December 11, 2014. The SOQ's have been reviewed by City staff and the ranking of candidates has been completed. AZTEC Engineering was selected for this project.

The engineering services contract was awarded to AZTEC Engineering on April 28, 2015. Survey and design work will commence in May, 2015.
