PUBLIC WORKS DEPARTMENT**

PROJECT UPDATE

Project Name:

FY 2012 Pavement Rehabilitation Project

Date:

June 17, 2011

FY 2012 Pavement Rehabilitation Project: The project generally consists of milling existing asphalt pavement and replacing with new asphalt pavement on selected streets, and the construction of an ACFC-AR pavement overlay on streets as shown on the plans. The work includes crack sealing on an as needed basis, full depth pavement repairs where needed, the installation of crack reducing pavement fabric, the adjustment of utility covers to finish grade, the installation of vehicle detector loops, and the restoration of disturbed traffic striping. The work also includes the provision of public relations services. The selected streets are Willow Creek Road from Whipple Street to Green Lane, Iron Springs Road from Gail Gardner Way to Whipple Street, Goodwin Street from Montezuma Street to S. Mt. Vernon Avenue, and Granite Street from Gurley Street to Willis Street.

Bid advertising started on May 29, 2011. A mandatory pre-bid conference was conducted on June 9, 2011, in the City of Prescott Fleet Maintenance Conference Room at 432 N. Virginia Street. Bids will only be accepted from those contractors who attended the pre-bid conference. Bid opening is scheduled for June 23, 2011.
