PROJECT UPDATE

Project Name:

FY 13/14 Pavement Rehabilitation Project

Date:

May 30, 2014

The FY 13/14 Pavement Rehabilitation Project generally consists of milling existing asphalt pavement and replacing with new asphalt pavement on selected streets, and the construction of an AR-ACFC pavement overlay on arterial streets. The work includes crack sealing on an as needed basis, pavement repairs where needed, the installation of crack reducing pavement fabric, the adjustment of utility covers to finish grade, and the restoration of disturbed traffic striping. The selected streets are:

- Sheldon Street from Montezuma Street to Aven Drive,
- Marina Street from Sheldon Street to Gurley Street,
- Whipple Street from Miller Valley Road to Montezuma Street,
- Pleasant Street from Gurley Street to Goodwin Street,
- Iron Springs Road at Meadowridge Drive, and
- Ruth Street along the Prescott High School frontage.

The construction contract was awarded to Asphalt Paving & Supply. Construction is substantially complete however repairs will be ongoing. Asphalt Paving & Supply completed corrective paving work on Ruth Street the week of October 7, 2013. Remaining remedial work on Whipple Street was completed in May, 2014. The project is now complete.
