## FY 2016/2017 PAVEMENT RECONSTRUCTION ENGINEERING SERVICES

*JANUARY 30, 2015*

The FY 2016/2017 Pavement Reconstruction Engineering Services project generally consists of engineering design services for street reconstruction at multiple locations. It is the City's intention to award engineering services contracts to multiple engineering firms for the purpose of having engineering services being performed on all locations at the same time to expedite the overall completion of the program. The locations include S. Washington Avenue, Goodwin Street, Penn Avenue, Eastwood Drive, Vallejo Street, Summit Avenue, McCormick Street, Marina Street, Bashford Court Alley, Schemmer Drive, Darby Creek Way, N. Washington Avenue, and Churchill Street.

Advertising for Statements of Qualifications to provide engineering design services commenced on November 23, 2014. Statements of Qualifications were received on December 11, 2014. The SOQ's have been reviewed by City staff and the ranking of candidates has been complete. Contract negotiations are currently underway with six successful candidate firms.
