## MARINA STREET PAVEMENT AND UTILITIES UPGRADE PROJECT

***NOVEMBER 1, 2015***

The Marina Street Pavement and Utilities Upgrade Project generally consists of reconstructing the severely deteriorated concrete and asphalt pavement along Marina Street from Gurley Street to Goodwin Street. Replacement of the existing water system is also contemplated.

Advertising for Statements of Qualifications to provide engineering design services commenced on November 23, 2014. Statements of Qualifications were received on December 11, 2014. The SOQ's have been reviewed by City staff and the ranking of candidates has been completed. Shephard-Wesnitzer Engineering was selected for this project. The engineering design contract was awarded to Shephard-Wesnitzer Engineering on June 23, 2015. Survey and design work is underway.
