MONTEZUMA STREET PAVEMENT AND UTILITY UPGRADE PROJECT

June 1, 2015

The Montezuma Street Pavement and Utility Upgrade Project generally consists of repaving Montezuma Street and replacing existing water and sewer system from Gurley Street to Sheldon Street.

The engineering design contract was awarded to Kelley/Wise Engineering (KWE) at the January 28, 2014 council meeting. Design work is currently underway. The plans are at the 90% level and are currently being developed to the 100% level.

A public information meeting is tentatively scheduled in June, 2015.
