PROJECT UPDATE

Project Name:

FY 2011 Pavement Rehabilitation Project

Date:

November 12, 2010

FY 2011 Pavement Rehabilitation Project: The purpose of the project is to repair and replace aged asphalt pavement on the following streets: Miller Valley Road, Grove Avenue, Montezuma Street, White Spar Road, and Goodwin Street. The project includes repair of pavement failures along Prescott Lakes Parkway from Smoketree Lane to Blooming Hills. New traffic striping will be installed and utility covers will be raised to finish grade.

Asphalt Paving & Supply, Inc. (AP&S) is the contractor.

Pavement rehabilitation on Montezuma Street, White Spar Road, and Goodwin Street is completed.

AP&S started the nighttime milling operation on Miller Valley Road and Grove Avenue November 3, 2010. AP&S started paving Miller Valley Road and Grove Avenue during the daytime on November 4, 2010. The paving was completed on November 8, 2010. The contractor is currently working on final utility adjustments and traffic striping restoration.

AP&S started the pavement repairs on Prescott Lakes Parkway on November 9, 2010. The expected completion date is November 24, 2010.
