

**CITY OF PRESCOTT
PUBLIC WORKS DEPARTMENT**

TRAFFIC BULLETIN

Today's Date:	August 12, 2011
Location:	Penn Alley from Gurley Street to south of Hillcrest Drive
Description of work performed and traffic impact:	A. Miner Contracting has installed a new sewer main for the City of Prescott in Penn Alley from Gurley Street to the wash south of Hillcrest Drive. Sewer mains, manholes and sewer service lines have been installed from Gurley Street heading south past Hillcrest Drive moving up the wash to the southern termination of the project. The new sewer system has been tested and is now active. Camera work for the new sewer system is completed. All heavy construction is also completed. Only a few minor construction issues remain to be finished which should not impact the public.
Effective Dates:	August 12 th to August 19 th , 2011
