ROADWAY PROJECT

ROSSER STREET RECONSTRUCTION PROJECT PHASE IV

MAY 1, 2015

The Rosser Street Reconstruction Project Phase IV generally consists of the reconstruction of Rosser Street with new asphalt concrete pavement and replacement of concrete flatwork where found to be deficient. Replacement of water and sewer systems is not contemplated at this time.

The project limits are Rosser Street from Campbell Avenue to the easterly boundary of The Meadows at Eagle Ridge Unit III subdivision.

The engineering design contract was awarded to Plateau Engineering on April 22, 2014. Engineering design work is underway. Utility potholing has been completed and evaluation of the data collected is underway. Plateau has submitted 60% plans for review by City staff.
