ROADWAY PROJECT

ROSSER STREET RECONSTRUCTION PROJECT PHASE IV

NOVEMBER 1, 2015

The Rosser Street Reconstruction Project Phase IV generally consists of the reconstruction of Rosser Street with new asphalt pavement and replacement of concrete flatwork where found to be defective. Replacement of water and sewer systems is not contemplated at this time.

The project limits are Rosser Street from Campbell Avenue to the easterly boundary of The Meadows at Eagle Ridge Unit III subdivision.

The engineering design contract was awarded to Plateau Engineering on April 22, 2014. Engineering design work is underway. Plateau submitted 60% plans in January, 2015 for review by City staff.
