# ROADWAY PROJECT

## SCHEMMER DRIVE RECONSTRUCTION PROJECT

*July 1, 2015*

The Schemmer Drive Reconstruction Project generally consists of reconstructing the deteriorated asphalt pavement on Schemmer Drive from Fairgrounds Drive to Miller Valley Road. The project is expected to include drainage improvements. Replacement sewer systems are not contemplated at this time. The project does include some minor replacement of water lines.

An engineering design contract was awarded to Lyon Engineering at the May 26, 2015 Council Meeting. The engineering design process is now underway.
