PUBLIC WORKS DEPARTMENT**

**PROJECT UPDATE**

**Project Name:**

Small Water Mains Upgrades

**Date:**

October 8, 2010

Small Water Mains Upgrades: To meet the basic infrastructure needs of providing for safe, adequate drinking water for the City's residents and businesses, the City annually budgets funds for the replacement and upgrade of small, undersized and aging water mains. These mains are typically 3" or less in diameter, often constructed of galvanized steel and also a source of leaks. Replacement of these lines improves the water system for our citizens, helps to reduce maintenance costs, water loss and improves fire flow.

Flatau Drive and Overstreet Drive, Leroux Street and Granite Street: CLM Earthmovers is the contractor. Construction started on June 1, 2010 on Flatau Drive and Overstreet Drive. CLM is finished installing the water main on Flatau, Overstreet, South Granite Street, and South Granite Street West. The project is substantially complete. Clean up and restoration of right of way and private property is being done. A walk through was done on September 29, 2010. Only a few punch list items remain to be corrected.

Rodeo Grounds, Tolemac Drive to Wildwood Drive Connection and Ute Road: CLM Earthmovers is the contractor. Construction started on June 1, 2010 on Ute Road. CLM has finished installing the water main and all service lines on roads involved with this project. The project is substantially complete. A walk through was performed on September 23, 2010. Punch list items are being corrected.
