PUBLIC WORKS DEPARTMENT**

TRAFFIC BULLETIN

Today's Date:	May 20, 2011
Location:	Virginia Street from Sheldon Street to Acker Park
Description of work performed and traffic impact:	<p>The contractor has finished installing sewer services from Sheldon Street to Acker Park. This project is substantially completed and restoration of landscaping is finished. The asphalt patching and chip sealing has been completed. The chip seal wear surface will be fog sealed on May 21, 2011. This application should not take more than a few hours to complete. Parking is not allowed on Virginia Street from Sheldon Street to Acker Park through May 20th to the 21st. Traffic will be temporarily diverted during the fog seal application. Residents and business access will be maintained on Virginia Street as the work permits. The application of fog seal will complete the project.</p>
Effective Dates:	May 20 th , 2011 to May 27 th , 2011
