

**CITY OF PRESCOTT
PUBLIC WORKS DEPARTMENT**

PROJECT UPDATE

Project Name:

Zone 39 Phase I Water Main and Pump Station

Date:

November 20, 2009

In observance of the Thanksgiving Day holiday, no work will be performed Thursday through Sunday. Work will resume following the holiday weekend.

WATER LINE INSTALLATION

Monday, November 23rd through Wednesday, November 25th – 7 a.m. to 5:30 p.m.

Installation of 12-inch water main and services along White Spar Road from Copper Basin Road to South Granite Street are complete and all necessary tests are passed and trenches are paved.

Crews will also continue to install 20-inch water main and services at the Granite Creek crossing and on both west and east Aubrey Street. Please be aware of the following impacts:

There will be a partial closure of West Aubrey Street at Granite Creek when crews are working. Motorists will experience reduced speeds, detours, and possible flagging operations.

As part of the installation of the 20-inch water main along West Aubrey Street, crews may perform sewer work under South Montezuma Street. Please be aware of the following impacts:

Lanes may be restricted along South Montezuma Street at West Aubrey Street when crews are working. Motorists will experience reduced speeds, narrow lanes, and possible flagging operations.

PIONEER PUMP STATION

Monday, November 23rd through Wednesday, November 25th – 7 a.m. to 5:30 p.m.

Construction of the new Pioneer Pump Station will continue off the roadway next week. Crews will continue construction of the pump station building structures.

Motorists should remain alert for construction workers and equipment at the intersection of Pioneer Drive and Hassayampa Drive and should follow well-marked detours. Please drive slowly and safely along detour routes.

Access to homes in the affected area will be maintained and residents are asked to enter the work zone with caution.
