

# PROJECT UPDATE

Copper Basin Road  
Fall 2007

The City of Prescott and Asphalt Paving & Supply are proud to announce that improvements to Copper Basin Road are now well under way. Crews are currently installing new sewer and water lines along Copper Basin Road between White Spar Road and Hemlock Avenue. Once this segment is completed later this winter, construction will move westward to Sheriffs Posse Trail. Utility companies will continue to relocate their services along the roadway over the next few months. To facilitate the flow of traffic through the area, the City of Prescott has identified several alternate routes for getting in and out of the project area. Please see the designated alternate routes on the project map below. For questions or concerns regarding the Copper Basin Road Project, or if you would like to receive weekly construction alerts, please call the project hotline.

## RESIDENTS

Access to your residence will be maintained at all times. If trenching is occurring directly in front of your driveway, please alert a flagger and your access needs will be accommodated.

## PARENTS

School bus service will be maintained within the construction zone. Please tell your children to remain clear of all work zones while waiting for the bus.

## MOTORISTS

Expect delays while traveling through the Copper Basin Road Project corridor. At times, marked detours will be set up around work segments. If possible, use an alternate route to get around construction activity.

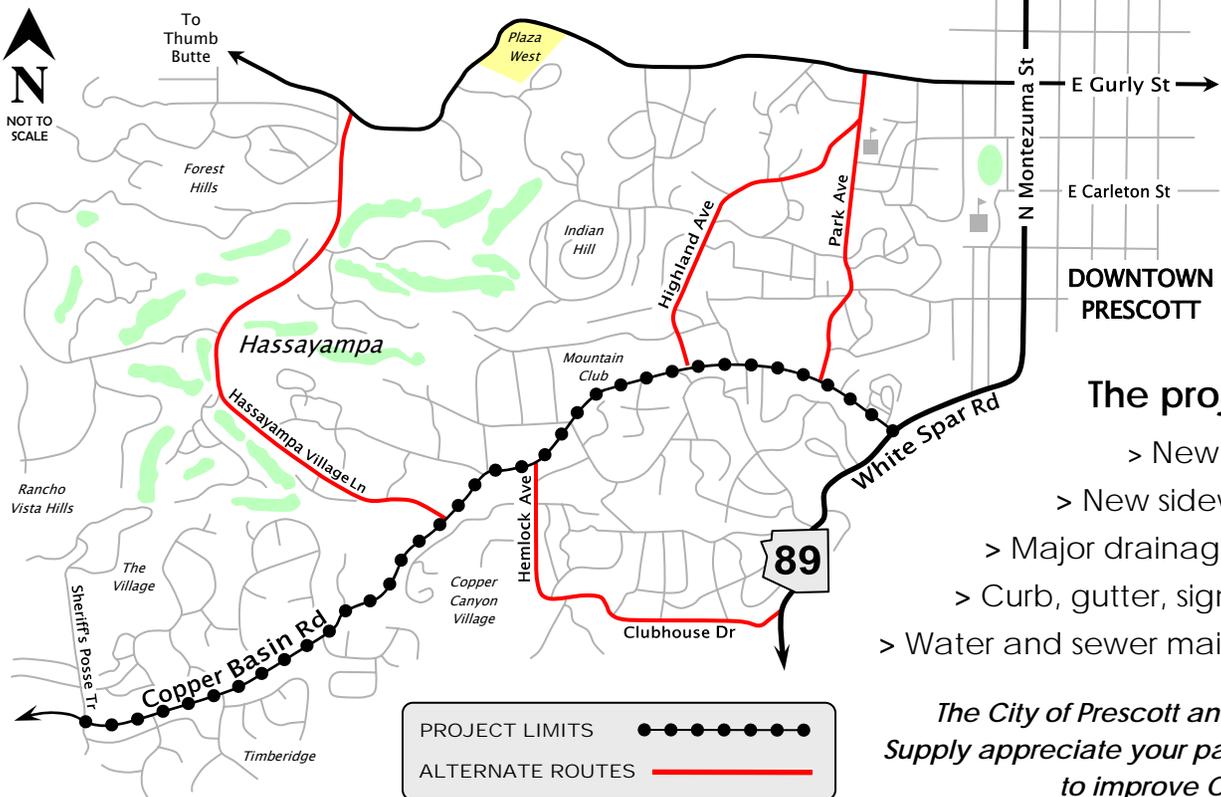

*Please drive slowly and safely through all work zones and observe all traffic control.*

## WORK HOURS

7:00 a.m. and 5:00 p.m. - Monday through Friday.  
*No night work will occur unless there is an emergency.*

# COPPER BASIN ROAD

## Project Map

DOWNTOWN  
PRESCOTT

## The project includes:

- > New, wider roadway
- > New sidewalk (north side)
- > Major drainage improvements
- > Curb, gutter, signing and striping
- > Water and sewer main improvements

*The City of Prescott and Asphalt Paving & Supply appreciate your patience as we work to improve Copper Basin Road.*

In response to excessive speed through the Copper Basin Road project area, Prescott Police Department will be on site enforcing the 15 mph speed limit. Associated fines will be at least \$280.00 or more when workers are present.
