

**PROCEDURAL PRE-ANNEXATION AGREEMENT
AND AGREEMENT TO PROVIDE TEMPORARY CONSTRUCTION EASEMENT
AND DEDICATE RIGHT OF WAY**

This Procedural Pre-Annexation Agreement And Agreement to Dedicate Right Of Way (“**Agreement**”) is entered into this ____ day of _____, 2009, by and between the CITY OF PRESCOTT, Arizona, an Arizona municipal corporation (“**City**”), GRANITE DELLS RANCH HOLDINGS, LLC., an Arizona limited liability company (“**Owner**”) (collectively, the “**Parties**”).

RECITALS

A. Owner holds fee simple title to approximately 387.26 net acres of land (“**Annexation Property**”), which is located in Yavapai County, Arizona (“**County**”), and is legally described in the attached **Exhibit “A”**, and depicted in attached **Exhibit “A-1”**. The Annexation Property is situated at the planned intersection of State Highway 89A and Granite Dells Parkway. Owner intends to develop the Annexation Property together with certain adjacent property owned by Owner and already within the City, which, together with the Annexation Property is hereinafter referred to as the “**Property**.” The Property is encumbered by a Deed of Trust recorded at Book _____, Page __ in the official records of Yavapai County (the “**Deed of Trust**”) in favor of the lienholder identified in the Consent appearing at the end of this Agreement (“**Lienholder**”).

B. Subject to the terms and conditions of this Agreement, Owner may desire to annex the Annexation Property into the City’s municipal limits and process applications in the City requesting a General Plan Amendment (the “**GPA**”) and rezoning (“**Rezoning**”) with respect to the Property.

C. City may desire to annex the Annexation Property in accordance with A.R.S. § 9-471 and is willing to process Owner’s request for annexation and applications for the GPA and Rezoning (the “**GPA & Rezoning Applications**”) in accordance with applicable law and the terms and conditions of this Agreement.

D. The Parties have determined it may be in their best mutual interest to annex the Annexation Property into City’s municipal limits and, subject to the final and effective adoption of the proposed annexation and translational zoning ordinance(s), for Owner to concurrently process the GPA & Rezoning Applications in the City rather than the County.

E. The Parties are entering into this Agreement in order to facilitate annexation of the Annexation Property for future development and to provide for a procedure to prevent the proposed annexation from becoming effective if the Owner’s GPA & Rezoning Applications are not approved subject to conditions that are acceptable to the Owner and Lienholder.

F. The prospective annexation is subject to City of Prescott Proposition 400 (November 2005) and subsequent City council policy as set forth in Resolution 3735 (February 14, 2006). Proposition 400 requires a $\frac{3}{4}$ majority vote of the City Council for annexation approval, a 60 day public comment period which commences at the time of a formal hearing by

the City Planning and Zoning Commission on the master plan for the proposed development, and that all effluent (treated wastewater) go to permanent recharge of the groundwater aquifer.

G. The Parties neither desire, nor intend, that this Agreement shall in any way affect, hinder or interfere with the ability of City's governing body (the "**City Council**") (i) to approve or deny the annexation and/or GPA & Rezoning Applications and/or (ii) to impose reasonable conditions of approval in connection with the approval of the GPA & Rezoning Applications.

H. In anticipation of completing the Annexation, GPA and Rezoning, the Owner had previously agreed to dedicate 25 acres of the Property to the State of Arizona (the "**State**") and the City (without the payment of financial consideration by the State or the City) in the preferred location of the Highway 89A/ Granite Dells Parkway interchange ("**Interchange**") and related roadway improvements south of Highway 89A (together, the "**Interchange Improvements**"). Final plans for the Interchange Improvements now require dedication of approximately 37 acres and Owner has agreed to dedicate the additional acreage with out financial consideration as well. The property to be dedicated by Owner (hereinafter, the "**Dedication Area**") is comprised of the 89A ROW and City ROW described below. In addition, Owner has agreed to grant to the City and its contractor(s) a temporary construction easement and right of entry over and across that larger portion of the Property (inclusive of the Dedication Area) legally described in the attached **Exhibit "B"**, and depicted in attached **Exhibit "B-1"** (the "**TCE Area**").

I. The Dedication Area is comprised of two (2) components depicted on **Exhibit "C"** and referred to herein as: (1) the "**89A ROW**" (being the area to ultimately be dedicated to the State of Arizona ("**State**") for incorporation into its managed system of state highways), which is legally described in the attached **Exhibit "C-1"**, and (2) the "**City ROW**" (being the area to be dedicated to the City to accommodate the southerly extension of Granite Dells Parkway, the easterly extension of Centerpointe Drive East, and additions to the Peavine Trail), which is legally described in the attached **Exhibit "C-2"**.

NOW, THEREFORE, in consideration of the foregoing premises and agreements herein, the Parties hereto state, confirm and agree as follows:

AGREEMENT

1. Incorporation of Recitals. The foregoing recitals are hereby incorporated into this Agreement as though fully restated.

2. Initiation of Annexation Processes. Upon Owner's request, City agrees to initiate proceedings to annex the Annexation Property into City's municipal limits and to issue an annexation petition to Owner. Concurrent with an annexation ordinance for the Annexation Property (the "**Annexation Ordinance**") being introduced for consideration by the City Council, City will also introduce for consideration by the City Council an ordinance for City's proposed initial zoning classification for the Property (the "**Equivalency Zoning Ordinance**") (collectively, the "**Annexation and Equivalency Ordinances**"). The "Equivalency Ordinance" is also referred to as translational zoning and will be adopted pursuant to A.R.S. § 9-471(L).

3. GPA & Rezoning Application and Effectiveness. Owner agrees to submit the GPA & Rezoning Applications to City for the GPA & Rezoning approval. City agrees to process such applications in accordance with applicable law and the terms and conditions of this Agreement. If Owner makes application for the Rezoning prior to the Annexation and Equivalency Ordinances being introduced to the City Council for its consideration, then City shall schedule, advertise and conduct hearings before the City's Planning & Zoning Commission and the City Council so that the GPA and Rezoning Applications are considered by the City Council concurrent with or immediately following the Annexation and Equivalency Ordinances. If the City Council approves the GPA & Rezoning Applications and finally adopts the GPA and Rezoning Ordinance, then the effective date of the GPA and Rezoning Ordinance shall be established as being after the effective date of the Annexation and Equivalency Ordinances, as determined by reference to paragraph 4 below.

4. Annexation and Equivalency Ordinances Adoption and Effectiveness. City agrees that at any time prior to the City Council's adoption of the Annexation Ordinance, Owner may withdraw the annexation petition for the Annexation Property. In the event the City Council adopts the Annexation Ordinance and Equivalency Ordinances and such Ordinances are not timely rescinded by the City Council or challenged by referendum, the Annexation and Equivalency Ordinances will become effective thirty (30) calendar days after being adopted by the City Council as outlined in A.R.S § 9-471. In the event (a) the Owner withdraws its annexation petition, (b) the City Council denies Owner's Rezoning Application before the Annexation and Equivalency Ordinances have become final and effective, or (c) the Annexation Ordinance, the Equivalency Zoning Ordinance and/or the Rezoning Ordinance are challenged by reconsideration or referendum, the City Council shall (by Motion for Reconsideration or other appropriate means) schedule, advertise and conduct a City Council hearing to rescind the Annexation and Equivalency Ordinances prior to the effective date of the Annexation and Equivalency Ordinances; provided that (I) in the case of (c) above (a challenge by reconsideration or referendum), nothing herein shall prohibit Owner and City from mutually agreeing to jointly oppose any such challenge, but absent such mutual agreement, the City Council shall move to rescind the Annexation and Equivalency Ordinances prior to the effective date of the Annexation and Equivalency Ordinances; and (II) in the case of (b) above, the City Council will not consider rescission of the Annexation and Equivalency Ordinances if Owner formally objects to such rescission. Other than as specifically set forth in the immediately preceding sentence, the City agrees that at such hearing (for reconsideration or otherwise), City shall use all best efforts to ensure its legislative repeal of the Annexation Ordinance and the Equivalency Zoning Ordinance.

5. No Effect on GPA & Rezoning Applications. The Parties agree that nothing in this Agreement shall affect the ability of the City Council to approve or deny the GPA & Rezoning Applications and/or to impose conditions on the City's approval of the GPA & Rezoning Applications.

6. No Requirement to Proceed. The Parties agree that nothing in this Agreement shall require any of the Parties to proceed with the proposed annexation, the proposed GPA & Rezoning and/or development of the Property.

7. Proposition 207 Waivers. On or before the Annexation and Equivalency Ordinances are placed on the City Council's agenda for introduction and tentative approval, Owner shall provide to City a completed "Proposition 207 Waiver" applicable to the Annexation and Equivalency Ordinances in the form attached hereto as **Exhibit "D"**. Owner shall also provide to City a separate completed Proposition 207 Waiver form acceptable to City's legal counsel in connection with the GPA & Rezoning. In the event the Annexation and Equivalency Ordinances and/or the GPA and Rezoning Ordinance are not approved, or are rescinded, repealed or otherwise of no effect, the Parties shall take such steps as are required to release or rescind any applicable Proposition 207 Waiver, and such waiver shall be deemed null and void and of no further force or effect. However, such release or rescission shall not apply to the annexation, development agreement and equivalency processes undertaken pursuant to this Agreement.

8. Temporary Construction Easement and Agreement to Dedicate Right Of Way.

a. Temporary Construction Easement. As and when required by the City in order for it to prosecute construction of the Interchange Improvements, Owner and the City shall execute and deliver a temporary construction easement granting to the City and its contractors and agents the right to enter upon the TCE Area for purposes of (i) constructing the Interchange Improvements, (ii) staging equipment and materials for such construction, and (iii) to the extent available in sufficient quantities and qualities, mining fill dirt, sand and aggregate for use in such construction, all in accordance with an easement agreement in the form attached hereto as **Exhibit "E"** (the "TCE Easement").

b. Agreement To Dedicate to State. Subject to paragraph 8.(e) below, upon completion of the Interchange Improvements and the Arizona Department of Transportation's acceptance of that portion thereof constructed with the 89A ROW, Owner shall grant a transportation easement to the State over, under and across said 89A ROW without consideration from the State beyond those agreements of the State set forth in the Right Of Way Agreement to be entered into between the State and Owner in the form presently agreed to between such parties ("**ROW Agreement**"), which among other things, contemplates no monetary consideration being paid to Owner by the State for the transportation easement, or for Owner's subsequent agreement to dedicate fee title to the State upon the satisfaction of certain conditions set forth in such ROW Agreement.

c. Agreement to Dedicate to City. Subject to paragraph 8.(e) below, upon completion of the Interchange Improvements and the acceptance by the City's Public Works Department of that portion thereof constructed within the proposed City ROW, Owner shall dedicate in fee title to the City fee title the City ROW, subject to completion of the Annexation.

d. Consideration From City. The City shall not be required to pay any monetary or other consideration to Owner for the TCE Easement or the dedications to be provided pursuant to subparagraphs b. and c. immediately above, other than the non-monetary performances required by City under the TCE Easement and the City's agreement to process the Annexation, GPA and Rezoning described herein in good faith and without undue delay.

e. Undue Delay in Commencement or Completion of Interchange Improvements. In the event the City has not commenced construction of the Interchange Improvements by _____ 2009, or following commencement, fails to diligently prosecute the Interchange Improvements to completion in accordance with the final plans and specifications, Owner shall have the right to terminate the TCE Easement, whereupon it shall be relieved of any further obligations under paragraphs 8. (b) and (c) above

9. Miscellaneous.

a. Good Standing; Authority. Each of the Parties represents and warrants to the other that it is duly formed and validly existing under the laws of Arizona and that the individual(s) executing this Agreement on behalf of their respective Party is authorized and empowered to bind the Party on whose behalf each such individual is signing.

b. Default and Remedies. In the event City is in default hereunder, Owner shall have all remedies available at law or in equity (including expedited equitable relief) or under this Agreement, and notwithstanding any suggestion to the contrary in, or by virtue of Owner's execution of, the Proposition 207 Waivers.

c. Governing Law. This Agreement shall be governed by and construed under the laws of the State of Arizona. This Agreement shall be deemed made and entered into in Yavapai County, Arizona.

d. Waiver. No waiver by any Party of a breach of any of the terms or conditions of this Agreement shall be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term or condition contained herein.

e. Severability. In the event that any phrase, clause, sentence, paragraph, or other portion of the Agreement shall be illegal, null or void or against public policy, for any reason, or shall be held by any court of competent jurisdiction to be illegal, null or void or against public policy, the remaining portions of this Agreement shall not be affected thereby and shall remain in full force and effect to the fullest extent permissible by law and the Parties will negotiate diligently in good faith for such amendments of this Agreement as may be necessary to achieve its intent, notwithstanding such invalidity or unenforceability.

19. **Construction.** This Easement Agreement is the result of negotiations between the parties and accordingly shall not be construed for or against either party regardless of which party drafted this Easement Agreement.

20. **Non-Waiver.** No delay or failure by either party to exercise any right under this Easement Agreement and no partial or single exercise of that right shall constitute a waiver of that or any other right, unless otherwise expressly provided herein.

21. **Assignment.** Grantee, its successors and assigns as permitted in this Section, may assign its rights hereunder, in full, and delegate its obligations hereunder, in full, only to the licensed general contractor responsible for the construction of the Interchange. Immediately following an assignment hereunder, the assigning party shall provide notice to Grantor and Lienholder, along with a copy of the agreement under which the assignee assumes the obligations of Grantee hereunder. No such assignment and assumption (whether by the City or an intervening contractor), shall have the effect of releasing the City (or intervening contractor) from its obligations hereunder, including without limitation the indemnity obligations set forth in Section 9 hereof.
