for non-profit organizations, governmental entities, and colleges/universities

Information booths are located on the large turf area in Watson Lake Park, with approximately 12' x 12' dimensions for each booth. Your information booth fee helps keep admission costs affordable. Participants will need to bring their own tables, chairs, and shade canopies (with weights). Set-up is Friday, October 9th (due to congested conditions Saturday morning). Tear down is Sunday after 4:00pm. For individuals working your information booth only, we will provide an entry pass in advance to avoid paying the admission fee.
