

# PROJECT UPDATE

## Iron Springs Road & Williamson Valley Road

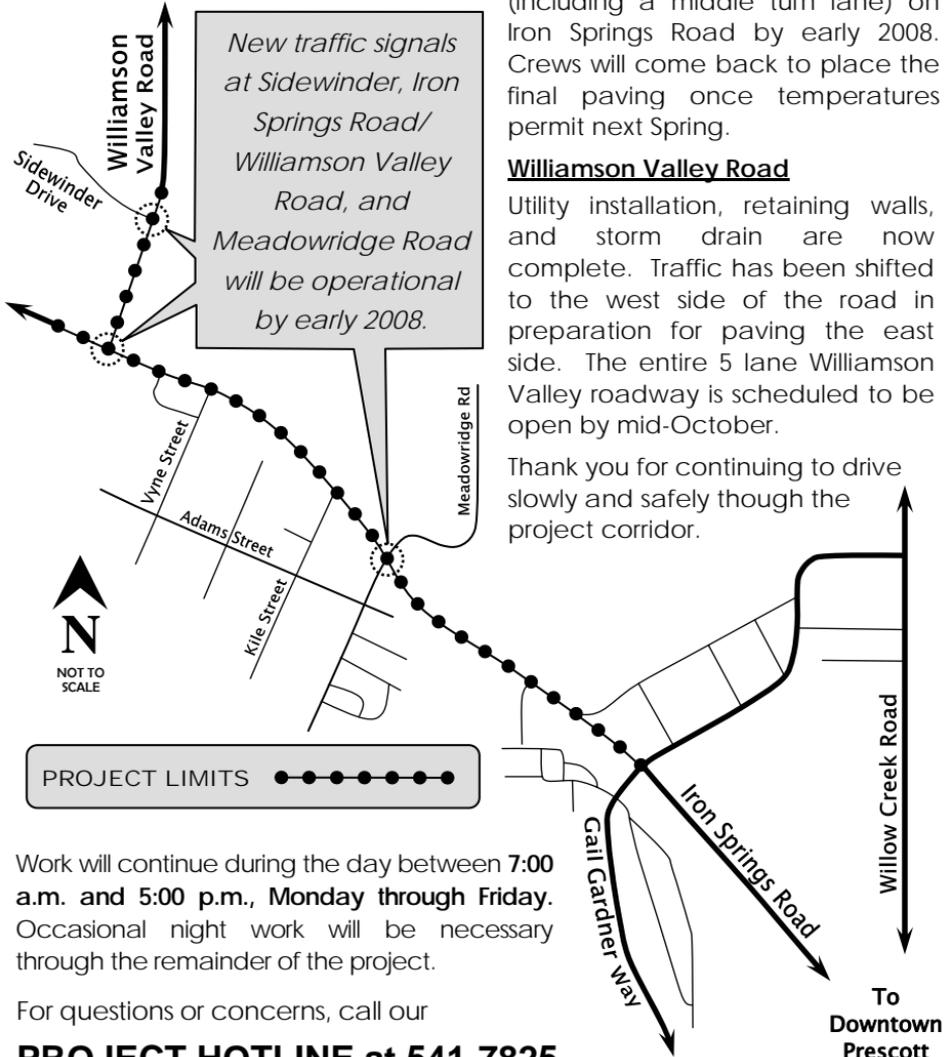

The City of Prescott and FANN Contracting are proud to announce that the Iron Springs Road improvements are moving forward, with project completion just around the corner. All underground utility work is complete, except for the storm drain installation which will continue over the next couple of months. Curb, gutter and sidewalks on the south side of the roadway and all retaining walls are also now complete. Traffic is scheduled to be opened to 5 lanes

(including a middle turn lane) on Iron Springs Road by early 2008. Crews will come back to place the final paving once temperatures permit next Spring.

### Williamson Valley Road

Utility installation, retaining walls, and storm drain are now complete. Traffic has been shifted to the west side of the road in preparation for paving the east side. The entire 5 lane Williamson Valley roadway is scheduled to be open by mid-October.

Thank you for continuing to drive slowly and safely though the project corridor.

Work will continue during the day between 7:00 a.m. and 5:00 p.m., Monday through Friday. Occasional night work will be necessary through the remainder of the project.
