

# PRESCOTT AREA WILDLAND/URBAN INTERFACE COMMISSION

Everett Warnock  
Chairman

Revised: May 26, 2007

The following is a list of landscape businesses that clear and haul away yard cleanup. They are familiar with the Commission's "Protecting Your Home From Wildfire" pamphlet. They will follow the guidelines in the pamphlet. The Commission is not familiar with these businesses and therefore will not recommend one over another. There are undoubtedly other businesses that will provide these same services; the property owner will have to see that they have the Commission pamphlet. All listed do work in the Prescott basin.

Adrian's Defensible Space	830-0951

Yard Master	866-410-YARD

**\*Has completed a fire-wise landscape course through the UofA Cooperative Extension**

Please note that the property owner has the prime responsibility to make their property as fire safe as it can be. As the pamphlet states "if the firefighters determine that your home is NOT defensible they may, in the interest of their safety, NOT attempt to save it."

This is NOT an endorsement or recommendation. It is for the people's convenience only.
