

PUBLIC WORKS

ROADWAY PROJECT

SCHEMMER DRIVE RECONSTRUCTION PROJECT

JULY 10, 2018

In order to deliver much needed pavement repairs to Schemmer Drive, Public Works performed an internal analysis of the scope of the project wherein the project was reconfigured to deliver the greatest benefit to the community within a reasonable budget and time frame. Fairgrounds Drive and Schemmer Drive each had the old pavement surface removed and replaced with new asphalt pavement under The FY 2018 Pavement Rehabilitation Project. The water main on Fairgrounds Drive was also replaced. That will be the only utility replacement at this time.

City Contact Information
