

MINGUS-DOUGLAS LIFT STATION ABANDONMENTS PROJECT

November 27, 2018

The design project has been awarded to Entellus, Inc. The project generally consists of the removal of two outdated lift stations, the construction of a new gravity sewer line, and the reconnection/rerouting of existing sewer services. The work includes milling existing asphalt pavement and replacing with new asphalt pavement on Campbell Avenue from approximately Delano Avenue to Mingus Avenue.

The construction project was awarded to ALC Underground. ALC Underground has finished construction as of last month (October, 2018).
