Water Conservation Rebate Program (P.C.C. 3-10-8)

Intent

To encourage residents and businesses to conserve water, the following conservation rebate program has been established. This program applies to the purchase and installation, on or after the effective date of this ordinance, of devices to retrofit plumbing fixtures with high rates of flow, and to limit outdoor water use for landscaping purposes.

Eligibility

Open to all City of Prescott water utility customers. Must follow all rules and regulations of the program in order to receive a credit on your utility bill.

Other Rules and Information

- All incentive awards require and are subject to the submittal of complete applications and determination of eligibility and qualifications by the City.
- Applications will be accepted only from the current property owner(s) of record.
- The incentive program is provided on a first come, first serve basis, subject to the availability of budgeted funding.
- Applicants are responsible for confirming the availability of funding for incentive awards prior to submittal of their applications, which information can be obtained by contacting the Prescott Public Works Department.
- Total incentives granted for a property shall be limited to \$2,500.00.
- Rebate awards will be credited on utility bills for the applicable properties within three billing cycles after approval.
- Each item is a one-time award for the property, fixture or equipment as indicated, subject to City review, approval and issuance of permits where required.
- For further information, a Homeowners Guide to Passive Rainwater Harvesting, and the Clothes Washer Qualifying Products List, please visit: www.prescottwater.com
- I understand the City is not responsible for selection, installation, or performance of any water saving device.
- If necessary, a City representative will contact the applicant to schedule a site visit.
- Incomplete applications are subject to return.
