C. Approval of June, 2019 Meeting Minutes.

Motion approved by Manuel Lucero, Chairman Holt second.

D. Decide agenda items regarding the "Climate Impacts on the Southwest Presentation" by Patrick Grady – Yavapai Climate Change Coalition that will be discussed at August Meeting.

Councilwoman Scholl suggested that the committee consider having the Yavapai Climate Change Coalition return for a further presentation. She mentioned that if it were something more unique to Prescott, like a "Prescott Climate Action and Adaptability Plan" like Flagstaff has it would be something council may be more receptive to pursuing further. Ben mentioned how they spoke about our local threat here in Prescott. How the local environment has changed with floods, wild fire, etc., and he questions how do we adapt to those type of events and how prepared is the city for them. Alexa reiterated that the Flagstaff plan is specific to their area and having information specific to our area would be beneficial to the community. Dennis Gallagher mentioned how he'd noticed more on the news about other areas such as Flagstaff being more prepared for flooding as opposed to others who start throwing sand bags together last minute. Raigan asks how it relates to ECHO and what would "our" role be in it.

H. Adjournment

There being no further business to discuss, Chairman Holt adjourned the meeting at 6:32 pm.
