C. Approval of July 30, 2019 Meeting Minutes.

Put on future agenda for approval in October, 2019.

D. Review survey and list of organizations to send survey out to and decide the date to send out.

The test survey was sent out and all members received, reviewed and/or participated in the survey. After discussion of the contents it was decided that it would be beneficial to add an option for the participant to respond with a contact name, number and preferred email address if they wish to be contacted. After much discussion regarding the significance of some questions the clarifications were made on what questions would best serve the purpose of the survey and what questions should be omitted or revised.

Members were asked to resubmit their contact lists to the staff liaison to compile a list of suggested organizations to send the survey out to. Councilwoman Scholl has asked the lists be submitted by September 18th.

Dennis suggested having the October meeting in the Western Heritage Center. It was agreed that would be a good location.

List of agenda items for October meeting

1. Reviewing data from survey.
2. Talk about moving forward on the Prescott Great Outdoors
3. Scott Neese was hoping to get updates on Save the Dells in a future meeting and Councilwoman Scholl agreed that we should have an update from the City side.

E. Finalize Yavapai Climate Change Coalition returning for a future presentation in 2020 and suggested topics for them to present clarification on.

Councilwoman Scholl mentioned that we need to contact them to have them give us an update on the information and the progress they have made. She suggested that we contact them to come back in January of 2020, however, a conclusive date was not set.

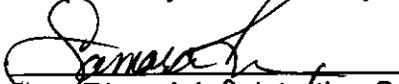

F. Establish October meeting date and location

October 17th will be the date and per the suggestion of Dennis Gallagher the location will be at the Western Heritage Center

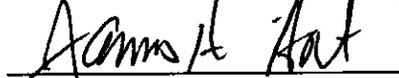

G. Adjournment
