

YAVAPAI COUNTY BOARD OF SUPERVISORS

Craig L. Brown
Supervisor, District 4

A letter from Yavapai County Board of Supervisors Chairman Craig L. Brown

The Coronavirus has lasted longer in Yavapai County than anyone could have imagined and cost our community more than anyone was prepared to pay. We have lost loved ones and made sacrifices we never thought possible. Through it all, Yavapai County residents have stepped up their efforts, demonstrated their respect for others, and offered help to those in need, by doing what is necessary to stop the spread of the Coronavirus. This has been clearly illustrated by the gradual and ever decreasing number of positive tests we have seen reported daily at Yavapai.us/CHS.

I want to personally say thank you to everyone that wore a mask when in public, stayed 6 feet apart from their friends and acquaintances, and took that extra 20 seconds to wash your hands. Your efforts may not be as highly praised as medical providers on the front line of our hospitals or emergency responders answering the call, but your efforts to fight the virus are just as critical to everyone around you. To those hospital workers and first responders that are out there every day, knowingly placing yourself in harms way, I say thank you. You are an inspiration to us all and your heroic efforts will not be forgotten.

Once again, I want to take this opportunity to remind everyone that while we are seeing signs of a recovery, now is not the time to take our eyes off the goal. We must continue to work hard and maintain the standards we have set. Keep wearing those masks, physically distance and wash your hands. Your efforts are working and while wearing a mask is not fun, it is proving effective. Progress on a vaccination is ongoing and we may even have one available before the end of the year but until then we must continue to do what we can to protect ourselves and those around us.

Stay Informed, Stay Vigilant and Stay Healthy.
