# What is NACOG EWD?

- The mission of the NACOG-EWD is to build economic success through workforce development partnerships.
- Funded through the U.S. Department of Labor, NACOG is contracted through the Yavapai County Board of Supervisors to administer the Workforce Innovation & Opportunities Act (WIOA) programs for Yavapai County.
- WIOA provides the opportunity to more closely align the services of workforce investment programs, education and economic development systems. NACOG is the One Stop Operator for the ARIZONA@WORK-Yavapai County system.

# What is the Yavapai County Workforce Development Board?

- The purpose of the Yavapai County WDB is to provide oversight and guidance to activities/programs carried out under the Workforce Development Act. In Yavapai County, the WDB operates in cooperation and partnership with the Yavapai County Board of Supervisors in providing policy oversight.
- The inclusive membership helps build programmatic linkages and strengthens cooperation among service partners.
- The primary focus of the WDB is to plan, develop, monitor and provide guidance to workforce development program operations.

# Dislocated Worker Services

## Who is a Dislocated Worker

- Unemployed and lost their job through no fault of their own
- Received a layoff notice/may not return to previous occupation
- Been separated from their income
- Furloughed

## Services Include

- Basic Career Services such as orientation, assistance with Unemployment, registration on the Arizona Job Connection website, financial management, resume assistance, job referrals, and referrals to community resources.
- Individualized Career Services including career assessments, creating employment plans, case management, job loss/stress management counseling, supportive services, and job development.
- Training Services such as subsidized temporary work experiences, On the Job Training, Customized Training, Occupational/Vocational Training for tuition and books. Training is available through layoffs and furloughs.
