

UTILITY PROJECT

Willow Creek Road Curve Realignment

OCTOBER 1, 2020

The project consists of widening Willow Creek Road from the new Warrior Way intersection north to the Deep Well Ranch Roundabout.

Paving operations are now underway. Prior to the road being opened to the public, APS will need to relocate several existing power poles along the roadway improvements. This work will be starting October 19th and will extend into November.

Currently Willow Creek Road is closed from Deep Well Ranch Roundabout to James Lane. The project is anticipated to be completed the week of 11/16/2020.
