

PUBLIC WORKS

ROADWAY PROJECT

Yavapai Hills Drainage Improvements

SEPTEMBER 6, 2022

The project consists of various drainage improvements within the Yavapai Hills Subdivision. The design contract has been awarded to Civiltec Engineering.

The project includes areas of work at the following locations:

- Area #1 is to add additional storm drain grating on Hornet Drive, between Rough Diamond Trail and Sharp Shooter Way, and one storm drain grate on Bonanza Trail. The design project has been put on hold.
- Area #2 includes curbing reconstruction, pavement, and a valley gutter addition at Budsage Court. The design plans are complete for Budsage, and will be bid out for construction this fall. There is an APS utility conflict that needs to be resolved prior to advertising the project for bid.
