

UTILITY PROJECT

Sundog Trunk Main Phase C3 Project

FEBRUARY 7, 2023

The Sundog Sewer Main Phase C3 includes the design and construction of a downtown regional lift station and approximately 25,000 linear feet of 18" sewer force main. The project also includes approximately 2,500 linear feet of 24" sewer trunk and 8" branch mains.

The design contract has been awarded to Lyon Engineering & Surveying, Inc. Lyon has completed the 15% alignment plans for the sewer main and preliminary lift station site plan. Lyon and City staff are currently working on acquiring the lift station site along with needed easements. Utility locating, along the proposed alignment, is underway.
