

# UTILITY PROJECT

## Airport Ruger Road Sewer Trunk Main Upsizing Project

*MAY 4, 2022*

Lyon Engineering & Surveying, Inc. has been awarded the engineering and design contract for the project. With the preliminary alignment set, the Engineer has been requested to phase the design of the project to coincide with the future expansion of the airport. The phase one portion of the design is moving ahead, and includes a new sewer trunk main from the Airport Treatment Plant to the new Melville Road Improvements.

Fann Contracting, Inc. has been awarded the project. Work is anticipated to begin on Melville Road mid-May 2022. The new sewer trunk main is anticipated to start mid-June, 2022, with project completion by fall 2022.
