

UTILITY PROJECT

Yavapai Hills #1 Lift Station Rehabilitation

FEBRUARY 7, 2023

The project will upgrade an old inefficient sewer lift station by adding additional wet wells and pumps. The rehabilitation will provide additional capacities to handle future build out flows from the Yavapai Hills Subdivision.

The design of the project has been awarded to Water Works Engineers. 100% Plans have been submitted for review this month. Construction is expected to begin in the fall of 2023.
