

UTILITY PROJECT

Wildwood Lift Station Abandonment

FEBRUARY 7, 2023

The project will replace an old, outdated lift station, which is located behind properties along Highland Terrace (within the Wildwood Estates Subdivision). Due to its location, the lift station is very difficult to access and maintain. The city is planning to abandon the lift station and reroute sewer lines to a proposed new gravity sewer main extended from Wildwood Drive.

Revised plans utilizing directional boring methods have been completed, and city staff will be meeting with residents with final plans (anticipated by May 1st).
