## 1.0 Solicitation Specifications

- 1.1 General** - It is the intent of the City of Prescott to request bids for the purchase of Supply and/or Delivery Aggregate Materials for various purposes throughout several City Departments. The City has an ongoing need for the items listed. Material will be ordered on an “as needed” basis. Quantities listed are a sample for the purpose of evaluation. The City of Prescott’s annual requirements are estimated to be \$125,000.00. Actual quantities ordered may vary. Refer to Form A, Price List for Specifications and List of Items.
- 1.2 Term** - This Contract shall be for a period of two (2) years and shall commence on the date that all parties have signed the same. The parties may, by mutual consent, extend this contract under the same terms and conditions herein, for two (2) additional one (1) year terms with cost adjustment of no greater than 3% based on the preceding twelve (12) month CPI. The City may administratively extend the contract, per the requirements of the previous sentence, without bringing the extension back to the City Council for approval. The contract shall commence on April 9, 2022.
- 1.3 Award** - This contract will be awarded to the responsible bidder(s) whose bid conforms to the invitation and whose bid is the most advantageous to the City concerning price, conformity to the specifications and other factors. The City may, at its discretion, award multiple contracts if determined to be in the best interest of the City. The Prescott City Council reserved the right to reject any or all bids, to waive formalities, and to accept the bid(s) deemed to be in the best interest of the City of Prescott. Past performance on City projects or other public projects will be evaluated in awarding contracts, and the City may decide to award to a contractor who is not the low bidder. Each bidder must include delivery and a corresponding delivery charge on Form B (Price Sheet) for each material type that the bidder offers. The primary delivery location for aggregate will be to the City facilities located along Sundog Ranch Road; however, occasional deliveries will be required to specific job sites within the Prescott City limits. The delivery location for slurry and concrete will always be to specific job sites within the Prescott City limits.
- 1.4 Determination of Suppliers** - Evaluation to determine which supplier will be used for a particular project will be based on but not limited to:
- A. Price of material
  - B. Proximity between plant and job site
  - C. Size(s) of truck(s) to be used
  - D. Availability of material and loading service at site
  - E. Past Performance
  - F. Availability of supplier to deliver materials
- 1.5 Measurement** - Aggregate will be measured by ton, unless otherwise noted. The aggregate material shall be weighed on approved scales furnished by the bidder or on certified public scales at the bidder's expense.

If, at the Engineer's option, water is added to the aggregate prior to weighing, the weight of material to be paid for will be determined by deducting from the total weight of the material the difference in weight between the average in-place moisture content of the material in the

stockpile or at the source prior to any pre-wetting and the average moisture content of the material at the time of wetting.

It is the intent of the Engineer to compensate the bidder on the basis of the delivered quantity and the respective unit bid price. Quantities of delivered material will be determined by the collected weight tickets at the source or the selected delivery location.

ALL RATES AND CHARGES SHOWN SHALL BE IN TONNAGE RATHER THAN CUBIC YARDS.

- 1.6 **Payment** - The accepted quantities of aggregate, measured as provided above, will be paid for at the contract unit price per ton or cubic yard. This price shall be full compensation for furnishing all materials, labor, equipment, water, etc., necessary to develop the material.
- 1.7 **Rejection of Materials** - Material(s) will be sampled for compliance, as deemed necessary by the City. Any material not meeting the specifications of this contract will be rejected.
- 1.8 **Quality Assurance** - The Contractor/Vendor is responsible for all laboratory tests and certifications to assure that the aggregate material is in conformance to the requirements set forth in this advertisement. Representative samples of the aggregate cover material, taken under the direct supervision of the Engineer, laboratory test results and certificates of compliance shall all be submitted to the Engineer. The Engineer may reject delivered aggregate base material if, in his opinion, the delivered material differs significantly from the representative sample.

The Contractor acknowledges that the City is procuring such goods and/or services for the benefit of the public. The Contractor, in support of public good purposes, shall consider the City as a customer of first priority and shall make its best effort to provide to the City the requested goods and/or services in a timely manner. **ARTICLE V - CONFLICT OF INTEREST:** Pursuant to ARS Section 38-511, the City of Prescott may cancel this contract, without penalty or further obligation, if any person significantly involved in initiating, negotiation, securing, drafting or creating the contract on behalf of the City of Prescott is, at any time while the contract or any extension of the contract is in effect, an employee or agent of any other party to the contract in any capacity or a consultant to any other party of the contract with respect to the subject matter of the contract. In the event of the foregoing, the City of Prescott further elects to recoup any fee or commission paid or due to any person significantly involved in initiating, negotiation, securing, drafting or creating this contract on behalf of the City of Prescott from any other party to the contract, arising as a result of this contract.

**ARTICLE VI - AMBIGUITY:** This Agreement is the result of negotiations by and between the parties. Although it has been drafted by the Prescott City Attorney, it is the result of the negotiations between the parties. Therefore, any ambiguity in this Agreement is not to be construed against either party.

**ARTICLE VII - NONDISCRIMINATION:** The Contractor, with regard to the work performed by it after award and during its performance of this contract, will not discriminate on the grounds of race, color, national origin, religion, sex, disability or familial status in the selection and retention of subcontractors, including procurement of materials and leases of equipment. **ARTICLE VIII - INDEPENDENT CONTRACTOR STATUS:** It is expressly agreed and understood by and between the parties that the Contractor is being retained by the City as an independent contractor, and as such the Contractor shall not become a City employee, and is not entitled to payment or compensation from the City or to any fringe benefits to which other City employees are entitled other than that compensation as set forth in Article IV - Compensation above. As an independent contractor, the Contractor further acknowledges that he is solely responsible for payment of any and all income taxes, FICA, withholding, unemployment insurance, or other taxes due and owing any governmental entity whatsoever as a result of this Agreement. As an independent contractor, the Contractor further agrees that he will conduct himself in a manner consistent with such status, and that he will neither hold himself out nor claim to be an officer or employee of the City by reason thereof, and that he will not make any claim, demand or application to or for any right or privilege applicable to any officer or employee of the City, including but not limited to workmen's compensation coverage, unemployment insurance benefits, social security coverage, or retirement membership or credit.

**ARTICLE IX - CITY FEES:** Prior to final payment to the Contractor, the City shall deduct there from any and all unpaid privilege, license and other taxes, fees and any and all other unpaid moneys due the City from the Contractor and shall apply to those moneys to the appropriate account. Contractor shall provide to the City any information necessary to determine the total amount(s) due.

**ARTICLE X– OTHER WORK IN PROJECT AREA:** The City of Prescott, any other contractors, whether under contract with the City, a third party, and/or utilities, may be working within the project area while this Contract is in progress. The Contractor herein acknowledges that delays and disruptions may, and in all likelihood, will occur due to other work. The Contractor’s bid shall be deemed to have recognized and included costs arising from and associated with other work in the project area disclosed by the Contract Documents or which would be apparent to an experienced contractor exercising due diligence during inspection of the project documents, the question-and-answer session in the pre-bid process or during site inspection. No payment will be made for any delays or disruptions in the work schedule that are wholly the fault of the contractor, its agents, employees, or any of the contractor’s subcontractors. In the event that the contractor encounters delay or disruption in the project schedule due to factors not wholly the fault of the contractor or within the contractor’s control then the Contract may be adjusted pursuant to the Delay’s and Extension of Time provisions of this Contract and a timely request submitted for Contract Amendment. Failure to submit a timely request for Contract Amendment shall be deemed a waiver of any entitlement to additional compensation.

**ARTICLE XI – RIGHT TO ASSURANCE:** If the City in good faith has reason to believe that the Contractor does not intend to or is unable to perform or continue performing under this Contract, the Public Works Director may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the City’s option, be the basis for terminating the Contract.

**ARTICLE XII – TERMINATION FOR CONVENIENCE:** The City reserves the right to terminate the Contract, in whole or in part at any time, when in the best interests of the City without penalty or recourse. Upon receipt of the written notice, the Contractor shall stop all work, as directed in the notice, notify all subcontractors of the effective date of the termination, and minimize all further costs to the City. In the event of termination under this paragraph, all documents, data, and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the City upon demand. The Contractor shall be entitled to receive just and equitable compensation for work completed, and materials accepted before the effective date of the termination.

#### **ARTICLE XI – MISCELLANEOUS**

Written and signed amendments shall automatically become part of the Agreement, and shall supersede any inconsistent provision therein; provided, however, that any apparent inconsistency shall be resolved, if possible, by construing the provisions as mutually complementary and supplementary.

H. In the event any provision of this Agreement shall be held to be invalid and unenforceable, the remaining provisions shall be valid and binding upon the parties. One or more waivers by either party of any provision, term, condition, or covenant shall not be construed by the other party as a waiver of a subsequent breach of the same by the other party.

I. J. No oral order, objection, claim or notice by any party to the other shall affect or modify any of the terms or obligations contained in this Agreement, and none of the provisions of this Agreement shall be held to be waived or modified by reason of any act whatsoever, other than by a definitely agreed waiver or modification thereof in writing. Contractor is free to purchase such additional insurance as may be determined necessary.

Additional Insurance Requirements: The policies shall include, or be endorsed to include, the following provisions:
